## Titan's (a.k.a. Jax's) News

Frances,  
Rob decided to rename him Titan and he seems to like it. Titan because Titan & Telly are TnT.....and they are! WE are trying to keep Telly from running and jumping until his surgery is healed, and that's impossible. Here are some pictures Rob took last night while I was at work.

### Emma's News

Hello Pam:

Just wanted to say hello and give you an update on Emma. She had her yearly check up this month and weighs 18 lbs. and is in fine condition. She loves (as much as a dog can love a vet) Dr. Knox as I do. That makes it easier for a visit.

I have had a trainer to help me with Emma's obedience. She loves my Mom and I am still having trouble with the jumping but we are still working on that. Dr. Knox said she will constantly test me and I can tell you she does! We walk better together; she doesn't pull from side to side and about yank my arm off. We occasionally walk with a neighbor's dog which has been good because she is so isolated from other dogs until she is kenneled. When we play, we sometimes play hide and seek, which is so funny to watch. She has gotten used to my hiding places so usually finds me fast. We both still have a lot to learn!

Mom says I really spoiled her when she got sick last year, remember the ringworm episode. I don't think I will ever forget it, especially the overdosing with Ivermectin. She had my undivided attention at that time, so now I weaning her by leaving a few hours ever so often. She actually stayed with my Mom this past April when I went to Paris .

I thought you would enjoy this picture of her with her favorite toy – basketball Bobo. Yes, that is the toy on the Petsmart commercial that the "weenie dog" loves so much. Just look at that face and "cocky" lip. I can't believe she didn't turn her head when I snapped the picture.

Anyway, I just wanted to share a little with you and especially this picture. Pam, she has been good for me and she has been a trial at times, but I do love the little stinker.

God Bless all of you at NABS.

Sincerely,

Jan and Emma

### ABOUT US

N.A.B.S. rescues dogs for Forever Homes. We rescue animals from shelters who are perfect candidates to good homes, who would otherwise suffer from unjust euthanizing. WE ARE A NO KILL SHELTER. Each dog rescued is taken care of medically by veterinarians with physical exams, current shots and additional treatment (rabies, heartworms, etc.), and spaying or neutering. Each dog is fostered and cared for by our gracious volunteers to become lovable furry companions for families. "Dog is man's best friend." and we add to that: "a Forever Friend." Our Furry Children are unconditional in their love and will dedicate their love and loyalty to those families who foster and/or adopt them.
