

A new event for N.A.B.S. to show off our Precious Rescues. The Purnia Event was held June 9th at Kemah Walmart parking lot.

Thanks to all the volunteers that helped with the rescues., N.A.B.S. was also able to be at Petco! :)

(The links do not work except on the attached PDF copy of the newsletter)

Together 2 by 2 the Ark's way, we CAN and we WILL rescue more with your support.

N.A.B.S. RESCUE /HEART WORM POSITIVE /PROTOCOL

HEARTWORM INFORMATION & MISINFORMATION...BE INFORMED~~

taken from Terrierman's Daily Dose Blog:

<http://terriermandotcom.blogspot.com/2008/05/billion-dollar-heartworm-scam.html>

Almost everything you have been told and taught about heartworm is probably an exaggeration or an outright lie, and this misinformation is probably costing you real money.

HERE'S THE TRUTH:

Is curing heartworm expensive and difficult?

No it is not. Any veterinarian who tells you otherwise is not keeping up with the literature. It turns out that even if your dog has adult heartworms, if the dog otherwise appears healthy (i.e. it is active, not lethargic, and does not have a chronic cough), a monthly dosing of Ivermectin at a dosage normally used to kill roundworms (a dosage that is 3 times higher than that used to simply prevent heartworm), plus a once-a-month 5-day dosing of Doxycycline (the same antibiotic used to treat Lyme disease) will kill all the adult heartworms if it is sustained for a period of 18 months.

This treatment works better than previous Ivermectin-only treatments because the Doxycycline wipes out the Wolbachia microbe that grows in the gut of the adult heartworm, essentially sterilizing all of the female heartworms. A round-worm strength dosing of monthly Ivermectin will not only prevent new heartworm microfilaria from taking hold in your dog, it will also work to dramatically shorten the life of any existing adult worms in your dog. Bottom line: after 18 months of treatment, your dog will be heartworm-free at very little cost compared to other remedies.

Heartworm infection is NOT rapid and will not kill your dog overnight.

It takes about three months for microfilaria (baby worms) to grow inside your dog to a larval stage, and even longer for these larva to mature into adult heartworms. If your dog is dosed with a simple Ivermectin treatment at any time during this period before adult worms are present (a period that lasts about three months long), the larvae will never develop into adult worms, and will die. Read that statement again: a single dose of Ivermectin will stop heartworm dead up to 3 months after your dog is first infected.

IF YOU HAVE ANY QUESTIONS, PLEASE CALL 281-330-5238 OR WRITE NABSTX2004@AOL.COM

TRULY THE BIGGEST NEED IS: DONATIONS.... CAN YOU PLEASE HELP US HELP THEM?

WWW.NABS-TX.COM CLICK ON PAYPAL

Page 8

Please help support N.A.B.S. by printing the attached Kroger card. All you have to do is scan the Kroger letter one time with your Kroger card and N.A.B.S. will get a percentage of the amount raised. The Kroger card needs to be rescanned once a year. This is a free way to help N.A.B.S. furkids.

Step One: Read through this letter to understand the advantage of being a part of the Kroger Neighbor to Neighbor Donation Program.
Step Two: Take the letter with you to your neighborhood Kroger store the next time you go shopping.
Step Three: Present the letter with your organization's barcode to your cashier upon checkout. After they have scanned your Kroger Plus Card you will be enrolled for the current year of the Kroger Neighbor to Neighbor Donation Program. Every time you shop at Kroger and use your enrolled Kroger Plus Card, Kroger will contribute a percentage of your eligible purchases to the Kroger Neighbor to Neighbor Donation fund. Once a card is scanned with the barcode, it will be active for the remainder of the program year. After 7 days, from initial scan, you will start to see your contributions to your organization on your receipt.

Q&A
How many Kroger Neighbor to Neighbor accounts can an organization have?
One per organization (Example: ABC HIGH SCHOOL account could represent: PTA, cheerleaders, football, basketball, band, etc.) Unless each entity has their own 501(c) 3).

Can a household "link" their Kroger Plus Card to more than one organization at a time?
No, the system allows for one organization per household. To change organizations, you must present your Kroger Plus Card and the new organization's barcode to the cashier.

Do I have to enroll each program year?
Yes, all organization's and participants must re-enroll for each new enrollment period. The current Neighbor to Neighbor Program is accumulating period is effective July 1, 2012 to April 30, 2013. Organization Enrollment period is June 1, 2012 to Dec. 31, 2012.

How much can my organization earn?
The Kroger Neighbor to Neighbor Donation Program will donate \$1 million annually. Each organization will earn a percentage of the \$1 million equal to the percentage of total earned contributions attributable to that organization.

How are the funds distributed?
Contributions will be paid via check and mailed to the organization's address and primary contact identified on the organization application form. For schools, it will be mailed to the principal and the funds distributed at their discretion.

NOAH'S ARK BAYOU SANCTUARY ANIMAL RESCUE

Kroger cashier: Please scan customer's Kroger Plus Card at the beginning of the order, and then scan the above barcode. The customer's Kroger Plus Card is now enrolled in the Kroger Neighbor to Neighbor Donation Program.

Please feel free to contact a Kroger Neighbor to Neighbor Donation Program Representative with any additional questions at 866-995-7643 or email to neighbor@kroger.com. Additional information is also available at www.krogerneighborhood.com
